BESPOKE ALUMINIUM YACHTS

Amalfi 760 *Hybrid*

ITALIAN DESIGN · DUTCH CRAFTSMANSHIP

OUR STORY

No *compromises.* Build your dream yacht.

Sognareyachts builds bespoke aluminium yachts for those who refuse to settle for the ordinary. Every yacht is a singular creation — designed around its owner's wishes.

Italian design, married to the finest Dutch craftsmanship, yields yachts that are not merely beautiful to behold, but built to endure for decades.

THE MODEL

Style, power *and freedom.*

The Amalfi 760 Hybrid is more than a yacht. It is a statement. Built from aluminium, finished to superyacht standards and driven by hybrid propulsion — this is the day cruiser for the discerning boater.

Every detail is chosen with intent. From the Flexiteak deck to the proportional bow thruster — comfort and safety lead, without surrendering an ounce of style.

CONFIGURATION

Built to *your wishes.*

No two Sognare yachts are alike. Every Amalfi 760 is composed around its owner.

01

Propulsion

Diesel, hybrid or fully electric.
Silent cruising, maximum performance,
or a blend of both.

02

Interior & Upholstery

Materials, colours and fabrics entirely
to taste. From the cockpit to the
dashboard — your signature.

03

Colour & Paint

Superyacht paint quality in any
colour you desire — a finish that
holds its lustre for years.

04

Electronics & Navigation

Fully equipped or minimalist —
electronics tailored to the way
you take to the water.

05

Deck & Cockpit

Flexiteak in the colour of your choice,
designed for absolute comfort
out on the water.

06

Anchor & Manoeuvring

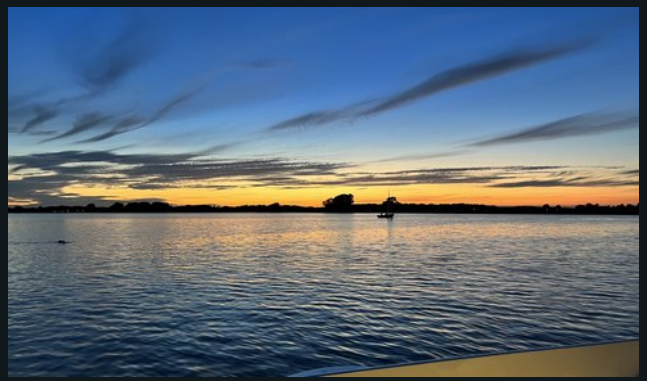

Automatic anchor system and
proportional bow thruster as standard.
Perfectly manoeuvred, always.
